

SUPPLIER QUESTIONNAIRE — CORRUGATED PACKAGING FY27

Submitted by: M. Vigneshwaran

Date: 16 March 2026

Q1. Is your manufacturing facility ISO 9001:2015 certified?

Yes. ISO 9001:2015 held.

Q2. Do your corrugated boxes conform to IS 2771 (Part 1) for fibreboard shipping containers?

Yes — conforms to IS 2771 Part 1.

Q3. What is your monthly corrugated production capacity, in metric tonnes?

2,100 MT per month across both units

Q4. Will you supply a bursting-strength test certificate per IS 7028 with every despatched batch?

Batch-wise bursting strength certificates are issued on request for orders above 50,000 pieces. For smaller lots we provide a consolidated monthly test report rather than a per-batch certificate.

Q5. Do you hold a valid FSC or PEFC chain-of-custody certificate?

Yes. FSC CoC licence FSC-C151093.

Q6. How many manufacturing plants do you operate?

2

Q7. Which regions can you service on a delivered basis?

South, West

Q8. What is your standard lead time from purchase order, in days?

12 days

Q9. What percentage of recycled fibre do you use in your standard kraft liner?

72%

Q10. Please name two customer references in FMCG or pharmaceutical manufacturing.

Hindustan Unilever (Puducherry); Saint-Gobain India (Chennai)

For CorrugateCo Industries Ltd.
